By obtaining a U.S. Environmental Protection Agency (EPA) Identification (ID) Number, you have notified the Department of Toxic Substances Control (DTSC) of your planned hazardous waste activities that are regulated under the Resource Conservation and Recovery Act (RCRA) Subtitle C Regulations. DTSC has updated the information for your RCRA site, based on the EPA Form 8700-12, Notification of RCRA Subtitle C Activity, which was received on **August 08, 2016**. Your EPA ID number (also referred to as RCRA ID Number) below is specific to the location indicated on the RCRA Site Location, and cannot be used at or transferred to another location.

EPA (RCRA) ID Number:	CAR000183822
RCRA Site Name:	HAZARDOUS MATERIAL TRANSPORTATION INC
RCRA Site Location:	819 ANCHORAGE PL STE 107 CHULA VISTA, CA 91914

The EPA ID Number is to be used on transport manifests and any other hazardous waste management documentation required under the RCRA Subtitle C Regulations.

DTSC has listed your hazardous waste activities status as:

TRANSPORTER

Your EPA ID Number does not expire. However, if any of the information required in the form changes (e.g. RCRA Site Name, hazardous waste activity status, contact information, etc.) you may be required to notify DTSC by resubmitting a Form 8700-12 (see the instructions accompanying Form 8700-12 at <http://epa.gov/osw/inforesources/data/form8700/8700-12.pdf>). If you plan to cease or have ceased operation at the RCRA Site Location, you must notify DTSC via a letter requesting to inactivate the EPA ID Number.

Please keep in mind that if you have the hazardous waste activity status of a "Large Quantity Generator" there is a required Biennial Reporting that must be filed with your appropriate state or region. For more information, please visit <http://www.epa.gov/epawaste/inforesources/data/form8700/contact.pdf> to find the contacts for states and EPA Regions. If you have any RCRA Notification (EPA ID Number) questions, please call DTSC's Telephone Information Center at (800) 618-6942.
